

**Support Services Goals/Priority Objectives**

The Charter Board looks upon the support services operations of the school system as essential-yet ancillary-to the central function of the school system, which is education. The Charter Board serves as trustee of school facilities and overseer of school business operations for the purpose of providing the facilities and services that will support a good educational program.

The Charter Board expects operation and maintenance of the school plant, equipment and services to set high standards of safety, to promote the health of students and staff, to reflect the aspirations of the community and to support environmentally the efforts of the staff to provide good instruction.
