

Advisory Committees

The Charter Board of Lake George Charter School encourages the participation of citizens of the Lake George area in decision-making processes. However, the legal responsibility for decision-making in all matters of policy and operation rests with the Charter Board.

1. Board-appointed advisory committees, both district-wide and at the charter school level, shall function within organizational frameworks approved by the Charter Board. Only the Charter Board shall have the authority to dissolve committees it has created.
2. School and district-level advisory committees that are required under federal and state programs shall be formed and shall function in accordance with the requirements pertaining to each specific federal or state program. The Charter Board shall grant to those bodies the advisory responsibilities relevant to the planning, implementation, and evaluation of such program or project as required by law.
3. Community groups that are neither appointed by the Charter Board nor formed as required under federal or state programs are encouraged to offer suggestions and advice to the Charter Board in order to assist it in the decision-making process. The final responsibility for all decisions, however, rests with the Charter Board.

Appointments of citizens to advisory committees shall be approved by the Charter Board. An advisory committee member shall be removed from office by the Charter Board if that member does not attend three consecutive meetings unless the committee by resolution approves any additional absences or unless such absences are due to temporary disability or illness. In addition, the committee by majority vote may request the removal from office of any member. Such removal shall require subsequent Charter Board approval.

All committee meetings shall be open to the public. Meeting notices shall be posted in the same place and manner as notices of Charter Board meetings.
