

Fiscal Management Goals/Priority Objectives

The Charter Board recognizes that money and money management comprise the foundational support of the whole school program. To make that support as effective as possible, the Charter Board intends:

1. To require advance planning through the best possible budget procedures.
2. To explore all practical and legal sources of revenue.
3. To study and guide the expenditure of funds so as to achieve the greatest educational returns.
4. To require maximum efficiency in accounting and reporting procedures.
5. To provide adequate resources to enable all students to meet or exceed state and district standards.

As trustee of community, state and federal funds allocated for use in local education, the Charter Board has the responsibility to protect the funds and use them wisely.
